

KMA will advise and install the best HVAC system to suit your specific needs, whether it be multi or single split systems. We provide the optimum design solution, manufacture and installation. We maintain your system as required on a customer by customer basis and, we work with the best suppliers to provide our customers with the most up to date energy efficient HVAC units available.

KMA Heating Ventilation & Air Conditioning (HVAC)

The objective of every HVAC system is to deliver a comfortable indoor environment that can be controlled and adjusted. KMA Services understand the complex technical nature of HVAC systems and can offer solutions for the management and optimisation of their performance.

From simple heating installations, multi split systems or medical ventilation systems we have 20 years experience across a broad range of HVAC systems, their installation, maintenance and repair.

KMA Services are leading providers of HVAC systems to the healthcare and patient care environments in national hospitals, environments where indoor comfort is essential.

KMA Services are members of RECI, F-Gas and the BESS register.
